DAILY NEVADA STATE JOURNAL

WASHOE COUNTY OFFICIAL PRESS

C. C. POWNING..EDITOR AND PROPRIETOR

THURSDAY.....FEBRUARY 5, 1876.

For President of the United States:

B. H. BRISTOW,

SUBJECT TO THE DECISION OF THE

REPUBLICAN NATIONAL CONVENTION

ON THE RIGHT PATH.

The House has adopted a resolution reciting that the "Central Pacific, Kansas Pacific, Union Pacific, Central Branch of the Union Pacific, Western Pacific, Southern Pacific, Sioux City and Pacific, North Pacific, Texas and Pacific and all the Pacific railroads and branches to which bonds and subsidies were grants by the government having received from the United States money subsidies amounting to over $64,000,000, land subsidies amounting to over 220,000,000 acres of public domain, bonds subsidies amounting to ——, and interest amounting to ——, that it is but just and proper that the government and people should understand the status of such roads and the disposition by the companies of subsidies granted by the government, and therefore instructing the Judiciary Committee to inquire and report whether such companies have fully complied with the requirements of the law; whether such companies have formed within themselves construction companies for the purpose of sub-letting contracts and building and equipping their roads, and if so, whether the money, land and bond subsidies have been properly applied and whether such companies have forfeited their land subsidies by failing to construct and equip their roads as required by law, and that the committee shall report to the House such measures as shall secure to the government full idemnity for all losses occasioned by fraudulent transactions or negligence on the part of such companies for non payment of interest lawfully due the government and for any other claim that the United States may have against such companies." That resolution expresses the sentiments of a large majority. More particularly, the people of this Coast, if it will result in an expose of the secrets of the Contract and Finance Company. and show it up in the true light. When it has been fully revealed in all its hideousness to the public gaze, then perhaps will public opinion force some action which shall be favorable to the people.

THE CHINESE QUESTION.

We are glad to see that the Virginia *Enterprise* has taken up the cudgel against a further influx of Chinese to this Coast and country. The JOURNAL has frequently called public attention to the evils that have arisen and those sure to follow under the Burlingame treaty, and have often urged a modification of our treaty with China, and that as soon as practicable. This can only be done as provided in Section 2, clause second, Article 11 of our Constitution, by which the President of the United States, "shall have power, by and with the advice and consent of the Senate, to make treaties; provided two-thirds of the Senators present concur." If the Senate is agreed to it by a two-thirds vote, the President will doubtless propose the change to the Emperor of China, and he agreed, we shall have an end of this class of immigration. The treaty can only be modified, as we desire, by the concurrence of the two contracting parties. It is the almost unanimous wish of all true American citizens, and especially the laboring classes on this Coast, that unrestricted Mongolian immigration should be discountenanced and discouraged. We hope the Pacific Coast Senators will take early action in behalf of their constituents.

RENO is experiencing religion. A revival has been in progress at the riverside town for several days, and the ungodly of that burg are being brought to the Lord. Chamberlain and Powning have not yet been brought into the fold, but the good ministers are setting their traps for the twain, and probably ere a week has passed they will "a-m-e-n" as gracefully as Ben Leete.—*Carson Tribune.*

UNPATENTED RAILROAD LANDS

Some days ago we published a synopsis of Senator Booth's bill which had for its object the taxing of unpatented railroad lands. Since then we have received the full text of the bill. As heretofore remarked there can be no just opposition to the measure. It is demanded by a just and equitable sense of right. We all know how this State has lost by the refusal of the Central Pacific Railroad to pay taxes on its lands. It is time the State should receive a revenue from that source, and if Senator Booth's bill, which here follows, will accomplish that object, we earnestly hope it will become a law. Following is the bill introduced by Senator Booth on the subject:

"All lands heretofore granted in any act of Congress making a grant of lands to a corporation, to aid in the construction of any railroad, shall be subject to local taxation as the property of such corporation, and its assignees, in the same manner as the lands of individual citizens of the States and Territories wherever the same may be situated: Provided, That no tax shall be assessed upon any such lands until the acceptance by the United States, in the manner prescribed by law, of the portion of any such roads running through or opposite to said lands, so as to authorize the issue of patents therefor as lands earned by such corporation.

Sec. 2. That it shall be the duty of the Commissioner of the General Land Office to prepare and deliver without delay patents for any lands applied for by any company as aforesaid, where the same are clearly within the grant and free from conflicting claims, and all legal fees and charges shall be paid by said company.

Sec 3. That if any company shall fail to pay proper costs or fees required by law, and to select for patent the lands pertaining to its grant within six months after the completion of each section of twenty miles of any railroad entitled to lands, the Commissioner of the General Land Office shall cause the surveys to be made of the townships within which lands granted to such railroads are situated, and the cost of such survey shall be a charge against such railroad company, and the same shall be retained out of any amount which may become due from the Government of the United States to such company for any services rendered: Provided, That no lands shall be solicited or patented except the same be found to have inured under the grant and all conflicting claims have been examined and adjudicated.

Sec. 4. That the last clause of the proviso to the third section of the act of July 1, 1862, shall not be construed as giving authority to or requiring the United States to dispose of the lands of the company named in such act; but said clause shall be construed as a condition running with the grant and imposing upon said company the obligation to sell its lands not disposed of within three years after the completion of the road, to the first settler, upon such conditions as are prescribed for preemptors upon the public lands of the United States; and any such settler may have his remedy in equity in the courts of the United States, to compel said company to recognize his claim, if the same shall be denied. And any similar clause in any act of Congress shall receive like construction wherever it may occur

Sec. 5. That the purchaser at tax sale of any lands granted and earned as aforesaid, upon which the costs and fees necessary to the procuring of the patent have not been paid by reason of the neglect or refusal of the company to pay the said costs and fees to the proper officer; and thereupon patent shall issue to such company for said lands, conveying the same, but subject to the legal rights and title of such purchaser.

The area of Central Pacific's grant in Nevada, not including mineral land, cannot be less than 8,000 or 9,000 square miles—from 5,120,000 to 5,760,000 acres. The even sections in the same belt, reserved to the United States, are held at $2 50 per acre. The odd sections are worth as much. On this basis, the very lowest valuation of the company's land grant lying in the State of Nevada is $12,800,000. At a tax of 50 cents on the $100, this valuation would yield to the State $64,000 a year. The State needs the tax to relieve a part of her burden imposed on the property of other tax-payers, who receive no more benefits than the members of this corporation from the State Government.

NEW YORK STOCK BOARD.

We have long known that an institution was projected in New York for dealing in mining stocks, the principal object being to deal in the mining stocks of this State and California. We now learn from the San Francisco *Chronicle* that the Exchange has been instituted. We believe that it will be of great benefit to the Pacific Coast.

WILL OF THE LATE B. P. AVERY — The last will and testament of the late Benjamin Parke Avery was filed for probate yesterday, says the San Francisco *Alta*. To Mary A. Avery, wife of the deceased, is bequeathed the entire estate, real, personal and mixed, with the request that she extend aid to any worthy relative of testator who may need assistance. Edward Bosqui is appointed executor, without bonds, by the provisions of the will. As a final provision, testator desires his wife to select from his collection of books, works of art or personal ornaments which deceased may leave, articles for presents, to be given to such friends as she knew "were most congenial and dear" to him. Bound files of the *North San Juan Hydraulic Press* and *Marysville Appeal*, for the years during which Mr. Avery owned and edited those journals, are bequeathed to the State University. This will is dated May 8, 1874. The estate is valued at $45,000.

THE present Legislature of Utah is as fine a band of old Mormon cloddpates and rascals as could possibly be raked together. Among the bills pending is one to protect the Mountain Meadows assassins from prosecutions. It provides that no person shall be tried for public offences committed previous to 1866, but no limitation of time shall be imposed upon prosecutions for murder committed since then. This would be a very comfortable arrangement for more than one of the legislators. The duty of the Governor no doubt will be to veto the bills as fast as they are passed by this shameless crowd of polygamous scoundrels and fanatics.—*Virginia Chronicle.*

THE war against the St. Louis whisky thieves is still being successfully prosecuted. Monday the jury in the case of McKee brought in a verdict of guilty, and at 1 P. M. of the same day the trial of Constantine Maguire, ex-Collector of Internal Revenue, was commenced. Babcock has received notice that he must be ready, with his counsel and witnesses, for trial next Monday morning. And so the war goes. "Let no guilty man escape," said Mr. Grant. Amen —so shall it be—says Secretary Bristow.

At a late meeting of the Lady Bryan Mining Company J. Maguire, T. J. Shackleford and A. C. Taylor, resigned. The Board was reorganized by the election of J. J. Green, President; J. W. Rowe, Vice President; C. A. Pollard, A. P. Minear and P. Connolly, Directors.

B. F. LEETE, President of the Nevada State Agricultural, Mining and Mechanical Society, at the close of his annual report asks to be retired "to private life" The Society should take Mr. Leete at his word, and retire him forthwith. A man of more intelligence and executive ability has need for the office.—*Virginia Chronicle.*

THE Alps Silver Mining Company of Ely District, has purchase for cash the Eloral Mill. This mill is of the new plan, reported to be somewhat similar in operation to the Fryer process. The company will declare a dividend this month.

WE expect the *Enterprise* we will get this morning will have the reports, in full, of Hanford and Eldrige, the two State Prison experts. Then the people will be able to peruse, and adduce their own conclusions.

ST. JULIEN, considered one of the most promising young trotters of 1875, has been purchased by a San Francisco gentleman, and will soon make his appearance on the California tracks. He has a record of 2:22.

Efforts are being made to secure the release of Stokes, the murderer of Fisk. It is more than probable that Stokes has some money left, and so long as that holds out we may expect to hear of attempts being made to secure his release.

The report that Wildidle has broken down and gone East is now denied. It is stated that the horse is at Sacramento, and that nothing ails him except that tendon of the off fore leg is slightly sprung.

FOUR men now in the Oregon Penitentiary charged with highway robbery are shown to be innocent, after four years confinement.

SPEAKER KERR declines a Democratic nomination for the Presidency. He favors the nomination of Hendricks.

THE Caledonia Mining Company has levied an assessment of $3 per share, delinquent in March.

WHAT has become of the Alliance Mutual Life Assurance Co.?

THE Black Hills miners have evidently convinced the Government of the folly of attempting to interfere in the business of gold digging, and the latest accounts do not represent the Indians as troublesome. Left thus to themselves, they have discovered gold in paying quantities, with occasional rich strikes, which when communicated by telegraph possess all the fascination which early reports from California had for our friends in the East.

THE SNOW BLOCKADE.—A telegram from Wells, dated January 31st, says that the west bound overland train, due in Reno Monday night, tackled the snow blockade on Monday with twelve engines and a snow plow, and stuck in the first cut west of Toano and had to lay there until the wind subsided. The wind was blowing a perfect gale, and the snow was drifting badly on the Pequop range, where the road crosses, and it was thawing in the valleys. No through freight trains have passed for two weeks. Another telegram from Toano of the same date says the overland passenger train bound west, which arrived there at 4 o'clock Monday morning, is still there at 7 P. M., waiting for the track to be cleared. A snow-plow and four locomotives are entirely buried in a snow drift about two miles west of there. The snow was drifting, and no hopes were entertained of making any progress at that time.

Yesterday afternoon a snow plow and a gang of Chinamen went through here on their way to attack the obstacle from this side, and help liberate the captives. The blockade is as bad as ever—heavy winds prevailing, causing the snow to drift badly. A train for the accommodation of local travel was started at Elko and received acquisitions at each station. It went through here last night on No. 2's time.

A GOOD ACCOUNT.—The Carson *Tribune* of Tuesday evening contains a finely written account of the Knight's ball. Young Parkinson, associate editor, was present, and does himself credit by the truthful and elegant description. He says in in conclusion, "a more social lot of people than Reno boasts of do not live on the top of God's green earth. Although a perfect stranger, we were made to feel as much at home as if raised in the town, and to the day of our death will never forget the kindly treatment of the Renoites."

THE Virginia *Chronicle* shows decided improvement lately. The *Chronicle's* effort to furnish lively, and interesting news matter, is fully appreciated by its Reno subscribers.

District Court Proceeding.

WEDNESDAY.

State vs. Dame; new trial granted.

State vs. McGuire; continued for term, upon motion and affidavit of defendant.

Fogus vs. Ward and Harrison; set for trial for Friday next.

Estate of John Kelly, deceased; order made fixing March for hearing of petition to sell real estate.

Foulks vs. Grazer; judgment in former case amended and case on trial dismissed.

Adjourned until to-day.

HERRMANN, THE WIZARD.—This Chief will astonish Reno natives next week. The *Enterprise* of Tuesday speaks as follows of his entertainment in that city: The entertainment given by Professer Herrmann last night at National Guard Hall attracted a large and enthusiastic audience. The feats performed were all first-class and many of them utterly incomprehensible and stunning. All present were well pleased with the entertainment from first to last. Each feat seemed more puzzling than its predecessor and when the performance ended not a few were ready to believe Herrmann in league with the gentleman in black or with spirits of some kind hailing from the other shore.

GOOD ENOUGH.—A lot of eighteen pounds of Peavine ore (from the Golden Fleece mine) recently submitted to the Fryer process gave a return of $54 98 per ton in gold and silver, there being only $2 48 gold. The value of the bullion was $1 23¾ per ounce—$1 17 53-100 silver and 6 20-100 cents in gold, there being no base metal whatever in it, proving as conclusively as possible that the process makes a clean sweep of all the base metal. This ore although rich and giving excellent assays, has always heretofore defeated every effort for its successful reduction.

GAME.—Some gentlemen who have lately passed over the old Ophir grade to Franktown say that the ravines leading to Washoe Valley are literally lined with cotton-tail rabbits, which are so tame that they might be killed with clubs. They were driven there by the snow in the valley, and live on the willow bushes lining the ravines.

A GROWL.—The *Enterprise* has failed to arrive here "on time" for the past two days. When the trains are running on time there should be no excuse for this. The subscribers here do not like to have their papers so delayed. We trust the *Enterprise* folks will see that their carrier puts the papers on the train every morning, and not miss so often.

REAL ESTATE SALE.—The Administrator of the estate of John Kelly, deceased, will apply to the District Court on the 6th of March for permission to sell the real property belonging to said estate. See advertisement to that effect elsewhere.

ANNUAL MEETING.—The annual meeting of the stockholders of the Nevada State Agricultural, Mining and Mechanical Society will be held in the Court House at Reno, on Monday next at 11 o'clock A. M.

DIVORCE SUIT.—Micah Swift desires to sunder the bonds which bind him to Eliza. To that end he has applied to the District Court for relief.

ALL persons who have been notified of their election to the Reno Library Club, are requested to call at the Library Rooms to sign the Constitution and By-laws.

MARK H. MORRIS, Secretary.

EXPECTED HERE.—Robert M. Fryer, the inventor and patentee of the new process of reducing ores, is expected here shortly, to examine and decide as to the advisability of putting up some of his furnaces in this town and vicinity. We guarantee him a life job.

NOTICE.—Mr. O. W. Ayer has opened a hay, grain and produce store in his building on the Corner of Plaza and North Virginia street. He hopes by fair dealing and reasonable rates to deserve a share of the public patronage. Call and give him a trial.

SPECIAL NOTICES.

H.M. YERXA is happy to inform the public that he has leased the Lake House, Reno, where he will be pleased to wait upon the traveling public, hoping to receive a share of their patronage.
